

Act on RAISE: A Campaign for Action on the National Strategy to Support Family Caregivers

Toni Gingerelli, Director, Policy & Advocacy

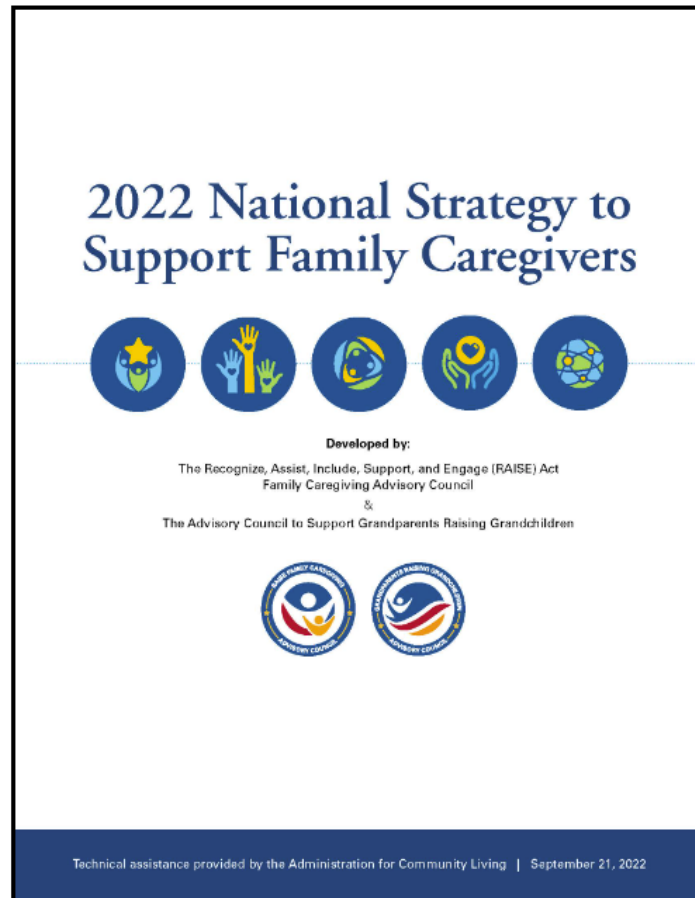

ABOUT NAC

Established in 1996, the National Alliance for Caregiving (NAC) is a membership-based organization catalyzing system change to build **health**, **wealth**, and **equity** for America's 53 million family caregivers.

About the National Strategy

2022 National Strategy to Support Family Caregivers

The 2022 National Strategy to Support Family Caregivers was created to support family caregivers of all ages, from youth to grandparents, and regardless of where they live or what caregiving looks like for them and their loved ones.

The strategy was developed jointly by the advisory councils created by the [RAISE Family Caregiving Act](#) and the [Supporting Grandparents Raising Grandchildren Act](#), with extensive input from the public, including family caregivers and the people they support. It will be updated in response to public comments and will evolve with the caregiving landscape.

COMPONENTS OF THE NATIONAL STRATEGY

- [2022 National Strategy to Support Family Caregivers](#) - An overview and description of the strategy's goals and intended outcomes
- [First Principles: Cross-Cutting Considerations for Family Caregiver Support](#) - Describes the four key principles that must be reflected in all efforts to improve support to family caregivers
- [Federal Actions](#) - Nearly 350 actions that 15 federal agencies will take in the near term to begin to implement the strategy.
- [Actions for States, Communities, and Others](#) - More than 150 actions others can take.
